Dear Mr. Ryan:

Please refer to your letter of March 8, 1971 requesting that your company's Lease No. 92358 (NP) covering a site for a loading platform with ramps at Quendall, Washington be extended through September 30, 1971. We have had the property inspected to determine whether it has been cleaned up satisfactorily in accordance with paragraph ten of the lease. This inspection reveals the same situation as outlined in my letter of December 22, 1970 addressed to you.

Before we can cancel your lease as requested, it will be necessary that you arrange to remove the piling, planks and pipes and leave the premises in a condition satisfactory to our Division Superintendent in Seattle.

Will you please arrange to have this done and advise when the job has been completed.

Very truly yours,

B. J. Stasson
